

*American flavors are our  
specialty!*

"Brodmir BBQ Bar is not just a restaurant. It is a unique place created out of great love for America and great passion for cooking. We put not only our hearts into preparing dishes, but also flavors imported straight from the USA. Meats are prepared in combination with original American marinades and spices. Burgers and steaks are imported from organic American Angus cows. The interior design, full of unique accessories, brings you closer to the unique atmosphere of the United States. The unusual location right on the edge of the forest allows you not only to enjoy a real feast of flavors, but also gives you the opportunity to breathe fresh air. We offer the possibility of organizing special events for up to 70 people.
